

Girls Inc. of New York City

WHO WE ARE

Girls Inc. of New York City delivers life-changing programs and experiences that inspire girls to be strong, smart, and bold. We work with girls ages 6-18 and their families. Our educators are trained to deliver experiential programs that empowers girls to break stereotypes and reach their full potential through programming. All of our programs can be delivered as a stand-alone program withing an after-school group or a school day class and can also be integrated within a pre-existing girls group or school initiative. Workshops can be delivered in English or Spanish.

SERVICES

- **Elective Course and/or After-School Sessions:** Experiential programming that empower girls to break stereotypes and reach their full potential. Our signature programs include: Project BOLD, Mind & Body, Healthy Sexuality, Media Literacy, Economic Literacy and Operation SMART.
- **Break/Summer Camps:** To keep girls active and engaged during off time from school, we can be contracted to develop and implement a camp fully staffed by Girls Inc. professionals.
- **Assemblies:** For a larger scale audience, we can host an assembly at your school or site.
- **Family Workshops:** Interactive sessions designed to jump-start and deepen essential conversations between girls and their parents/caregivers.
- **Professional Development Training:** Useful for co-ed settings and designed for all staff levels. These engaging workshops ensure professionals are equipped to make their school/agencies more girl-friendly and gender equitable. All workshops can be tailored to suit the needs of your organization. Some workshops include: Yes She Can! Creating Girl-Friendly Environments, Friend vs. Responsive Adult: Establishing Appropriate Boundaries, and Learning How to Answer Difficult Questions.
- **Train-the-Trainer Model:** Offers the school the opportunity to have their staff trained on Girls Inc. New York City curriculum to implement programming as they see fit. This model provides school with access to our curriculum, platforms and external evaluations for a one-time fee.
