

Girls Inc. Educator Training Institute

WHAT IS IT?

Our **Girls Inc. Educator Training Institute** program offers **FREE** training and cohort support for professional educators and community-based organizations who are interested in facilitating new skills to **students ages 10 to 18**. All educators will receive a **stipend** for successfully completing training. The Training Institute highlights two Signature Programs:

HER FUTURE FINANCIAL LITERACY

In the HER Future program, students will develop the financial skills to build wealth and explore high-paying careers. Students will learn how to budget, save and invest money to make it grow. The goal of this program is empower girls and young women to become financially savvy, independent and build generational wealth.

MIND BODY MATTERS

The Mind Body Matters program is a toolkit for delivering mental health programming to girls ages 8 - 18. Each lesson incorporates essential layers of social-emotional learning that will help guide girls to a better understanding of how their minds and bodies are connected.
