Terryl Cote

Principal, KPMG

Terryl is a Principal in the Contract Compliance Services practice and has over 20 years' experience in operational, financial and third party contract compliance engagements including Software License Compliance Reviews, Vendor Compliance Reviews, and Distributor/Reseller Compliance. She has extensive experience in planning, developing, and implementing new processes, quality programs, and Six Sigma initiatives.

She successfully manages software compliance engagements for one of KPMG's largest software clients and has conducted hundreds of licensing reviews. She plays a key role in designing, developing, and managing contract compliance programs. Terryl has led and managed contract compliance projects around the world, and has been involved in various aspects of quality management including operations and process improvement in high tech environments.
